

**CITY OF TUSTIN
MEMBER OF THE CITY COUNCIL**

JERRY AMANTE

AGE: 55

OCCUPATION: Business Owner

I am proud to call Tustin our family's home for the past 17 years.

We enjoy the best quality of life Orange County has to offer - great schools, excellent parks and recreation facilities and a warm, friendly community.

As your Tustin City Councilman, I will work to protect these assets, our property values and the safety of our community.

Community safety is my first priority. Our police and fire services deserve the best equipment and support from our city.

Improving traffic flow is the biggest challenge for Tustin. My plan is to finish the extension of Newport Blvd. to Edinger, improve the on- and off-ramps to the 5 and 55 freeways and build a railroad underpass at Red Hill. These projects and others will help traffic flow and reduce gridlock on our streets.

I am proud to have the support of all five of our Tustin City Councilmembers and many of Tustin's local elected officials, including Orange County Supervisor Bill Campbell, Orange County Treasurer John Moorlach and our State Assemblyman John Campbell.

I would be honored to have your vote.

Please contact me at home at (714) 832-0999 or by e-mail at jerry4tustin@yahoo.com. I will return every call and listen to every resident's concern.
